

Play Area update

Following the latest government advice, we will re-open the play area and all play equipment from Saturday 4th July 2020.

In order to support all social distancing and Covid -19 safety measures we have carried out a risk assessment and have put the following controls in place to keep all users safe:

- Children must always be supervised within the play area by an adult.
- The Play equipment should be wiped down before each use by parents or guardians, particularly in frequent touch points such as swing rockers and hand bars.
- Parents, Guardians and children should use hand sanitiser gel or wipes to clean their hands after use of the play equipment.
- Children must not put their mouths on the equipment or put their hands in their mouths
- Social distancing must always be observed on and around the play equipment by both adults and children.
- Only children from one household can use one item of play equipment at a time.
- The Consumption of food or drink on or around the play area is prohibited

Please note that the clubhouse remains closed so there will be no access to toilets, and no hand sanitising products or cleaning equipment will be provided by DPML for use on the play area

Thank you for your support on ongoing cooperation.

The Trustees
