

The Delamere Park Meal and Bar Service

The Delamere Park Bar is now operating to a set of rules to ensure compliance with the Tier 2 Covid-19 restrictions and this means drinks will only be served to residents who purchase a Main Meal from the attached Delamere Park Bar Menu. We ask all residents to familiarise themselves with these new rules.

New Bar Opening Hours From Thursday 10th December

Thursday and Friday Hours: 7:00pm – 10:00pm

Saturday and Sunday Hours: 4:00pm – 10:00pm

The kitchen will close at 9:30pm each night, so all food orders (including desserts) must be placed before that time.

Bar and Meal Service

- Upon arrival residents must **WAIT** at the entry point to the bar before they are greeted by bar staff.
- Residents must provide their contact details to bar staff before entry so the NHS Test and Trace programme can contact them if necessary.
- Everyone entering the Bar must wear face coverings except when seated at a table. Face coverings must be worn at any time a resident leaves their seat.
- No standing at the bar will be permitted and residents must remain seated with their own household group or support bubble.
- Residents must also remain at their table when placing orders with bar Staff, and their food and drinks will be served direct to your table.
- Residents will only be allowed to purchase drinks from the bar, if accompanied by a Main Meal ordered from the Bar Food Menu.
- Payment for all orders by card payment only, preferably contactless.
- Sorry, but no cash payments can be accepted.
- Similarly Cashback will not be available with card transactions.

Table Reservations (Sports Bar & Lounge)

We strongly recommend residents request a table in advance by sending e-mail to: bar@delamerepark.co.uk stating the number in their group and arrival time. Residents must only make a reservation for members of their own household (or support bubble) and only when acknowledged would the reservation be secured.

Residents may still turn up without a reservation but they may be turned away if we have reached capacity.
